

BLUETOOTH LIGHTING MADE SIMPLE

Avi-on App

Bring your store to life with Avi-on

With the right retail lighting, you can create a compelling brand identity to engage and inspire shoppers. Pull shoppers in with a dynamic shop window and encourage them to browse with flexible lighting zones and displays that leave lasting impressions. Avi-on lighting systems can bring your store to life. Avi-on controls can add flexibility, automation and cost-effectiveness that can make any retail space a success while providing the simplicity to maintain a brand presence with lighting and displays that will keep customers returning.

Scene Controller

- **Gateway-free, Distributed Control**
Gain optimal energy savings without a complicated gateway: no single point of failure, no extra cost/hassle, and no special network or panel installation
- **Flexible Control Strategies**
Mix scheduled and sensor-based controls with no gateway required
- **Hassle-free Mobile App Programming**
Intuitive tools enable rapid setup and changes to any combination of sensors, zones, schedules, and scenes
- **IT-friendly Solution**
Run stand-alone or use a cell modem to avoid corporate network integration
- **Control the Whole Property**
Combine indoor and outdoor lighting control in one easy to use solution
- **Color-capable Controls**
Use battery-powered wall stations or the mobile app to wirelessly control CCT and Lumenetix-enabled (HSL) luminaires, including circadian transitions and unique color picking
- **Optional Cloud Connectivity**
Manage user access control, device configurations, remote diagnostics, and future reporting/upgrades with a robust, utility-grade platform and web application

Avi-on believes that lighting controls should be simple

With decades of experience at the forefront of industrial networking and IOT technology, Avi-on has built a unique, patented, mesh platform based on Bluetooth® technology. We liberated the fixture from the circuit, and the switches from the walls. Then we added mobile and web-based management tools that liberate the customer from the tyranny of programming and maintenance.

At Avi-on, lighting controls are easy to install, easy to use, and easy to change.

CCT made easy

Enhance the appeal of product displays using Avi-on Dynamic Color Tuning, which creates the experience of natural daylight.

Virtually unlimited coverage

Avi-on mesh provides worry-free wireless connectivity and can grow as your needs do.
